

## **Business Operations Update**

WRC is committed to protecting the health and safety of our employees and in doing all we can to maintain a high level of service to you during the COVID-19 pandemic.

We are taking many actions to help minimize the impact of COVID-19 on our employees and business and continue to assess this dynamic situation and its impact daily.

**To date there has been no disruptions to our materials supply chain and our ability to meet our committed ship dates for WRC products.**

WRC remains committed to serving our customers around the world as well as maintaining open communication with you about our operational status as we move ahead in this challenging environment.

We appreciate your commitment to WRC and together we will navigate this tough situation with a focus on safety while taking care of each other, our customers and our communities.

Best Regards,
