

WRC Position Statement on WEEE Compliance

Product: **All Products**

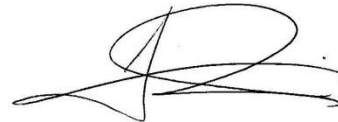

WRC is fully committed to playing its part in the preservation of the environment and embraces the WEEE Directive (Directive 2012/19/EU). Applicable products shipped by WRC are marked with the WEEE symbol (commonly known as the 'Crossed-out Wheeled Bin').

Current regulations do not require WRC to take back its products. However, if so desired, customers can contact WRC support to obtain an RMA number and information on how to ship products back to WRC for proper disposal. There is no charge for the disposal, but the customer must pay for shipping.
